

Frequently Asked Questions

What are the differences between the Evo ECA's and the Core programme?

Number of Hours

During our core programmes we deliver 2 x 1 hour sessions per week vs 1 x 1 hour sessions per week for an ECA.

Session Focus

Within our core programme we are able to group students into specific age and ability groups, which allow our coaches to focus on developing students specifically at their level. Within the ECA programmes the age range is slightly broader and the ranges of ability within the group will vary. Due to this reason coaches will develop the sessions to cater for a broader range of abilities.

Timings

Our ECA programmes are delivered between 3pm - 4pm at Parkhouse. The core programmes at Parkhouse are delivered between 4:30pm - 7pm during the evenings and on weekends between 8am and 11:45am.

Pricing

As part of our clubs CSR programme 'Evo Foundation' the ECA's are offered to participating schools at a reduced session rate compared to our core programmes. This is part of our Sport and Health initiative which aims to increase participation in sport.

Sports Kit

As part of our core programme every participant receives a sports kit for their relevant sport. Within the ECA programme no uniform is provided.

Added Benefits

Within the core programme compared to the ECA's every member benefits from the following:

- Access to a world leading player management system (used by Premier League Club's such as Manchester City FC)
- Termly progress reports
- Access to regular games programme structure (including festivals, tournaments, leagues and gala's)
- 50% off QIC Advantage club membership (100% membership for annual members)
- Progression routes from recreational level up to Academy
